JUDGE STUART'S ATTACK IS GIVEN EMPHATIC REPLY

(Continued from Page 1)

the part of the said respondent, as Commissioner of Public Lands of the Territory of Hawaii, as aforesaid, to perform the acts sought to be enforced thereby.

III. "That the said Writ does not show that the petitioner has any clear legal right to have any duty performed by the said respondent, as Commissioner of Public Lands of the Territory of Hawaii, as aforesaid, in that it is not alleged that the petitioner has complied with all the conditions set forth in the Special Homestead Agreement therein referred to.

IV. "That the alleged duties sought to be enforced are discretionary and not ministerial and therefore not enforceable by Mandamus.

V. "That the said Writ improperly joins separate and distinct alleged rights and duties for the purpose of enforcement by Mandamus, in that it seeks to enforce the alleged right of the petitioner for the issuance and the delivery to himself of a patent for the land mentioned and described in the Special Homestead Agreement therein referred to and in that it seeks to enforce the alleged rights of persons unknown and unnamed to have agricultural and pastoral lands surveyed and opened for settlement, homestead entry and homestead purposes.

VI. "That the said Writ is uncertain, unintelligible, vague and ambiguous.

VII. "That the said Writ fails to show that the petitioner has made demand, individually or as one of twenty-five or more qualified applicants, for the surveying and opening of agricultural or pastoral lands for settlement, homestead entry and homestead purposes.

VIII. "That the said Writ fails to show that the petitioner has any special or peculiar interest in the alleged duties sought to be enforced in regards to the surveying and opening of agricultural lands for settlement upon the application of twenty-five or more qualified persons and in regards to the surveying and opening of desirable agricultural and pastoral lands for homestead entry and homestead purposes, but that, on the contrary, the said Writ affirmatively shows that the petitioner is not entitled to make application or demand, individually or together with others, for the surveying and opening of agricultural or pastoral lands or to receive any certificate of occupation, right of purchase lease, cash freehold agreement, or special homestead agreement in respect to such lands in that he has taken and held and is still holding land under the Special Homestead Agreement therein referred to."

NATIONAL GUARD NOTES

The members of Company K will be furnished with uniforms and equipment tomorrow evening. The company will at once prepare for the competition drill which will be held in January. It has been announced that all non-coms transferred from the various companies into K will be given their same rank in K company, providing they can pass the examinations which will be held soon.

The 1st Battalion, N. G. H., Major M. Johnson commanding, turned out last evening for battalion drill. The four companies, A, B, C, and D left the armory at 7:45 and marched down to Palace Square, thence to Thomas Square and back to the armory by way of Beretania street. The object of this drill was to get the battalion in shape for the review which is to take place on November 28. Major Johnson was pleased with the showing made by his battalion last evening.

Some of the features displayed in the window dressing contest on Saturday morning will be a revelation. To see them will be equal to a visit to the San Francisco fair.—Adv.

TAKE OUT LEIS TO DECK PEOPLE ON HILL LINER

Ad Club, Promotion Committee
and Chamber of Commerce
Joint Committee Busy

When the Hill liner Great Northern arrives off port about 10 o'clock on the morning of Friday, December 3, representatives of the Ad Club, Chamber of Commerce and Promotion Committee will be well organized and prepared to give them a reception that will be memorable.

When the big crack liner anchors outside she will be boarded by members of a committee who will have leis enough to deck all the officers and passengers. Awaiting them on the dock will be Ad Club representatives, who will be able to direct arrivals to the different hotels for which they may express a preference.

The next day, Saturday, bathing and sunbathing will be arranged for at Waikiki, and a dinner is planned for the officers of the ship before the Great Northern leaves for the mainland at midnight on December 6. All possible information will be gathered by the visitors who will be met before the ship arrives, such as special events to occur, dances at hotels, and directions for alluring side trips.

These matters were up for discussion this morning at a meeting of a joint committee representing the Ad Club, the Chamber of Commerce and the Promotion Committee, the membership of which is as follows: R. C. Brown, George Angus, Arthur Wall, Charles Frazier, Harry L. Strange and Gerrit P. Wilder.

LOCAL AND GENERAL

Fourteen divorce suits have been filed in the local circuit court since October 1.

There will be no meeting today of the territorial board of health. A meeting probably will be held next Thursday afternoon.

A meeting of the school board will be held some time during the early part of December. The commissioners have not yet decided upon the date.

Further trial of the case of Benigna Dagoman, a Filipino woman charged with bigamy, will be had in federal court at 8:30 o'clock tomorrow morning.

The trial of Cyril Geer, charged with having violated the "white slave" act, is scheduled to begin in federal court at 8:30 o'clock tomorrow morning.

A petition for adjudication in bankruptcy has been filed in the local federal court by B. M. Howard. His liabilities amount to \$481.75. He has no assets, according to the petition.

Among the callers on Governor Pinkham yesterday was U. S. Grant, Jr., who was accompanied by Bishop E. B. Reardon. Mr. Grant's father is well remembered by the chief executive.

According to a report by a police officer, E. W. Sutton last night ran his auto so close to the wagon of Oda, a Japanese, that the latter was forced into a stone wall and his wagon badly damaged.

The firm of Ripley & Davis, architects, has been awarded a contract for a design for a new cottage which will be erected by W. A. Love on his Judd street property. The new building will cost about \$3000.

The third of Prof. Vaughan MacCaughy's series of lectures on "Bacteria and Human Welfare" will be delivered next Sunday morning at the Library of Hawaii. The topic will be "Bacteria and the Schools."

Decision to call for tenders on the new shed and landing for motor boats at Pier 12 was made yesterday afternoon at the meeting of the harbor board, plans and specifications having been approved. The new structure will be of concrete. Bids will be opened on December 1.

Burglars believed to be Filipinos entered the rooms of Midori and Leta, Japanese women of the Twisted district, late last night and stole about \$60. From Midori's room they got \$30 in gold and \$22 in silver, and from Leta's house \$8. Officer Joseph investigated last night but no arrests have been made.

The services of Dr. George W. McCoy, formerly of Honolulu, are needed more at the bureau in Washington, D. C., than in the territory, in the opinion of Surgeon-General Rupert Blue, who recently answered the Chamber of Commerce's letter of protest against the transfer of Doctor McCoy. Doctor McCoy's work in Washington will be similar to that which he did in Hawaii.

The windows are dressed for you, good reader. Come out and see them on Saturday morning. Its a free show, but let me tell you that more beautiful windows will greet your eyes than you have ever seen before in Honolulu.—Adv.

Reaching up to his face, a few nights ago just after he had gone to bed, Captain Baker of the police force sought to brush off what he thought was a harmless cockroach, but instead disturbed a centipede, which was roaming around his features. The centipede stung the captain, in retaliation, and the officer is now wearing a face that looks as though he had been in a rough and tumble fight.

MANY ADVANCES IN GUARD WILL BE MADE SOON

(Continued from Page 1)

those below them will be stepped up a peg.

Having gotten the National Guard up to a size which but for high efficiency at headquarters would make it unwieldy, Brigadier-General Samuel I. Johnson, commander, and Lieut. W. C. Whitener, U. S. A., inspector-instructor with the Hawaiian militia, are aiming now at higher efficiency.

In point of numbers and in enthusiasm the Guard on the islands now exceeds that of nearly any state on the mainland, and it is now the intention of the officers to bring it up to a point where in drilling, tactics and general organization it will be the finest of them all. That this can be done is almost assured by the past record in organization.

Officers of the Guard are not being selected at random, and they have to be capable, interested, willing to work and able to pass a strict examination. General Johnson is not considering anything but ability in selecting officers, and those who do not get in and "make good" just as though they were working for a regular salary are weeded out and other men found who can take their place. In the ranks of the Guard here there are hundreds of capable men, and to these promotion comes rapidly.

Officials hope to see a large part of the population out Sunday, November 28, to the regimental review. It is thought that a close view of the Guard and the first-hand knowledge of what has been done with a body of practically new recruits in three months' time, during which the militia was evolved from a body of 500 loosely organized men to a brigade of 3700 men will awaken more enthusiasm here and serve to keep alive the present feeling that the National Guard is of great importance and should have every possible encouragement.

PERSONALITIES

HENRY W. KINNEY, superintendent of public instruction, went to Wailuku today on a tour of inspection.

'CASCARETS' SET YOUR LIVER AND BOWELS RIGHT

They're Fine! Don't Remain
Bilious, Sick, Headachy
and Constipated

Best for Colds, Bad Breath,
Sour Stomach; Children
Love Them

Get a 10-cent box now.
Be cheerful! Clean up inside tonight and feel fine. Take Cascarets to live your liver and clean the bowels and stop headaches, a bad cold, biliousness, offensive breath, coated tongue, sallowness, sour stomach and gases. Tonight take Cascarets and enjoy the nicest, gentlest liver and bowel cleansing you ever experienced. Wake up feeling grand—Everybody's doing it. Cascarets best laxative for children also.—Adv.

FIRST PATIENT AT HOSPITAL IS FORCED TO BRING OWN BED

None of the fixtures for the new hospital at the city jail having arrived, it was necessary for the first patient who was put in one of the three rooms last night, to bring her own bed. The patient was Iya, a Japanese woman, who is thought to be insane. Hospital fixtures were to come through the Panama canal, but the canal is blocked and the material may come overland. It is expected to arrive before the end of the year.

In the addition being built to the jail there is provided an office for Dr. R. G. Ayer, emergency hospital surgeon, an operating room, and a ward room where several patients can be kept. There is also provided a room in which coroner's investigations can be held. This room will be used at times for keeping juvenile offenders, so they will not come in contact with hardened criminals.

The Seaman Carriage Company is now working on the new \$3500 ambulance for the police department, which will soon be ready for use.
